DIRECTORS' REPORT

Your directors submit the financial report of the Group for the half-year ended 31 December 2020.

DIRECTORS

The names of Directors who held office during or since the end of the half-year and until the date of this report are noted below. Directors were in office for this entire period unless otherwise stated.

Allan Mulligan	Executive Director
Andrew Cunningham	Non-Executive Director
Michael Elliott	Non-Executive Director
Trevor Benson	Executive Chairman (resigned 19 October 2020)

RESULTS

The loss after tax for the period ended 31 December 2020 was \$1,179,352 (2019: \$2,839,611).

REVIEW OF OPERATIONS

Lindi Jumbo Project Funding

During the period, the Company continued to engage with interested parties to secure a suitable funding solution for the Lindi Jumbo Graphite Project. In November 2020, the Company executed a non-binding, conditional Term Sheet for US\$25m in favour of Lindi Jumbo Limited received from the African Export-Import Bank ("Afreximbank").

While the facility Term Sheet (T.S.) has a number of conditions precedent before it can become binding, the Company notes that this T.S. has already received initial bank approval.

The Company is confident that the debt funding process is progressing well and that a credible and workable outcome can be expected.

Scotland and Northern Ireland Projects

While the Covid-19 pandemic curtailed physical work on the ground for most of the half-year several technical and important administrative milestones were achieved:

- The Company has finalised access Agreements with Scotland Land and Forest,
- Environmental and subsequent drilling approval related to several sites at the Blackcraig Polymetallic project and the Glenhead Gold Project have been finalised,
- Access Agreements with several local land-owners and farmers have been finalised, and
- Ongoing local community and stakeholder engagement has reinforced the Company's social licence credentials.

Local drilling contractors with suitable experience and equipment for drilling in the UK have been informed about the planned drill program and can be notified for mobilisation as soon as there is more clarity around the various Covid-19 restrictions in the UK and the longer term outlook around movement and local lockdowns.

Amani Gold Project - Tanzania

The Amani Hard Rock Gold project is 100% held by the Company. The Project consists of a contiguous tenement package in excess of 800km².

During the half-year, Walkabout completed the first ever modern and systematic exploration program undertaken at the Amani Hard Rock Gold Project in Tanzania.

This initial reconnaissance soil sampling program successfully identified multiple gold anomalies throughout PL11469/2020, confirming the undercover hard rock potential of this large project.

The Company is planning advanced field exploration and a subsequent drilling program at Amani for the 2021 financial year.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the Half-Year Ended 31 December 2020

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

These interim consolidated financial statements are general purpose financial statements prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including AASB 134: Interim Financial Reporting, Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board ('AASB'). Compliance with AASB 134 ensures compliance with IAS 34 'Interim Financial Reporting'.

The condensed half-year report does not include full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Group as in the full financial report.

It is recommended that this half-year report be read in conjunction with the annual financial report for the year ended 30 June 2020 and any public announcements made by Walkabout Resources Ltd and its subsidiaries during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and ASX Listing Rules.

Basis of preparation

The half-year report has been prepared on a historical cost basis. Cost is based on the fair value of the consideration given in exchange for assets. The company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

For the purpose of preparing the half-year report, the half-year has been treated as a discrete reporting period.

Accounting policies and methods of computation

The accounting policies and method of computation adopted are consistent with those of the previous financial year and corresponding interim reporting period.

Significant accounting judgements and key estimates

The preparation of half-year reports require management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this half-year report, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 30 June 2020.

ACN 119 670 370

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
For the Half-Year Ended 31 December 2020

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Going concern

During the half-year ended 31 December 2020, the Group recorded a net loss of \$1,179,352 (2019: \$2,839,611) and a net cash outflows of \$1,855,240 (2019: inflow \$362,768). At 31 December 2020, the Group had cash available of \$970,866 and exploration, lease and the Lindi Jumbo Graphite Project construction commitments for the next 12 months of approximately \$1.8 million.

The Group anticipates that additional funding will be required to progress the Group's exploration and evaluation assets and fund construction commitments of the Lindi Jumbo Graphite Project in the near future. The Group is presently in the process of arranging project debt funding for the Lindi Jumbo project.

To achieve these objectives and in progressing the Group's strategy, the Group's continuing viability, its ability to continue as a going concern and to meet its debts and commitments as they fall due, the Board of Directors of the Group have considered the following:

- The Group expects to continue to keep expenditure to a minimum and has the ability to implement cost reduction measures where appropriate, and will continue to monitor any cost reductions already implemented;
- The Company's board believes it has the ability to raise additional capital, based on its previous ability to raise capital when required;
- The Company has previously had access to financial support of its major shareholders via placements and the provision of bridging funds.
- The Group has the ability to farm out participating interests in existing tenements;
- The Group is in a net asset and net working capital surplus position.

Should the Group not successfully achieve the assumptions as described above, combined with the losses and operating cash outflows in the period of 12 months from the signing of this financial report, there is a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern.

New and Revised Accounting Standards and Interpretations

The accounting policies have been consistently applied by the Group and are consistent with those in the June 2020 annual financial report and the corresponding interim reporting period except for the impact (if any) of new and revised standards and interpretations outlined below. These accounting policies are consistent with Australian Accounting Standards and International Financial Reporting Standards.

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current half-year.

Standards and Interpretations applicable to 31 December 2020

In the period ended 31 December 2020, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the current reporting period. As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Group and, therefore, no material change is necessary to Group accounting policies.

Standards and Interpretations in issue not yet adopted

The Directors have also reviewed all Standards and Interpretations in issue not yet adopted for the period ended 31 December 2020. As a result of this review the Directors have determined that there is no material impact of the Standards and Interpretations in issue not yet adopted by the Group and, therefore, no change is necessary to Group accounting policies.

Report on the Condensed Interim Financial Report

Conclusion

We have reviewed the accompanying interim financial report of Walkabout Resources Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2020, the condensed consolidated statement of comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of Walkabout Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
